COMENIUS PROJECT

Be a Green Entrepreneur!

This month we inform our school mates about the irresponsible use of energy, we use natural light in our classrooms as much as possible, we switch off the lights in all rooms during the breaks and try to keep them warm in order to save energy

We promise that we do not litter

In anul 2014 imi propun sa nu imi las colegii sa arunce hartiile in curtea scolii

We promise that we do not brake brances or take leaves
from trees or other plants

We promise that we will feed the birds in winter, so they will help us in summer. They will eat up the pests, so less pesticide will be used and less energy. It means cleaner environment for us

WE WILL PUT USED OIL INTO WASTE OIL COLLECTION BOXES

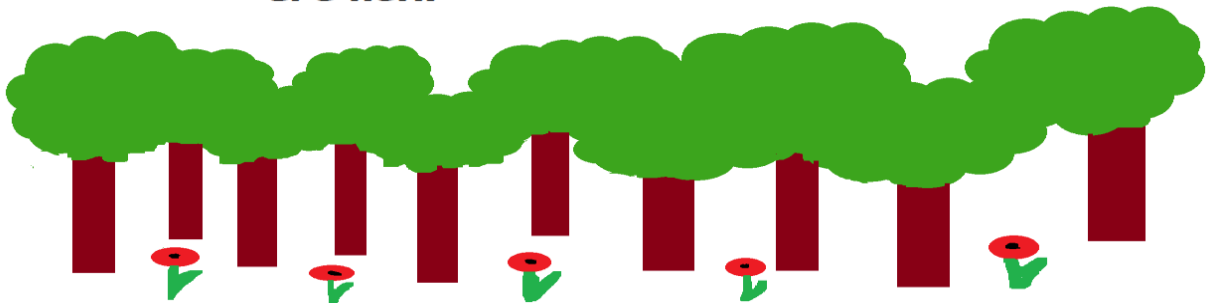

We sold things than we don't need, rather than throwing them out!

We collected money to help families of our school that are in need!

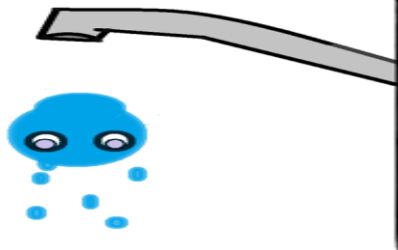

Eu imi propun ca in anul 2014 sa plantez 10 pomi si 5 flori.

We reduced waste in our community!

Eu in anul 2014 o sa economisesc multa apa.

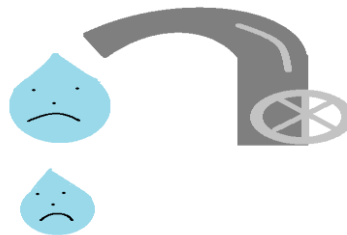

Eu imi propun ca in 2014 sa sting becul cand ies din camera.

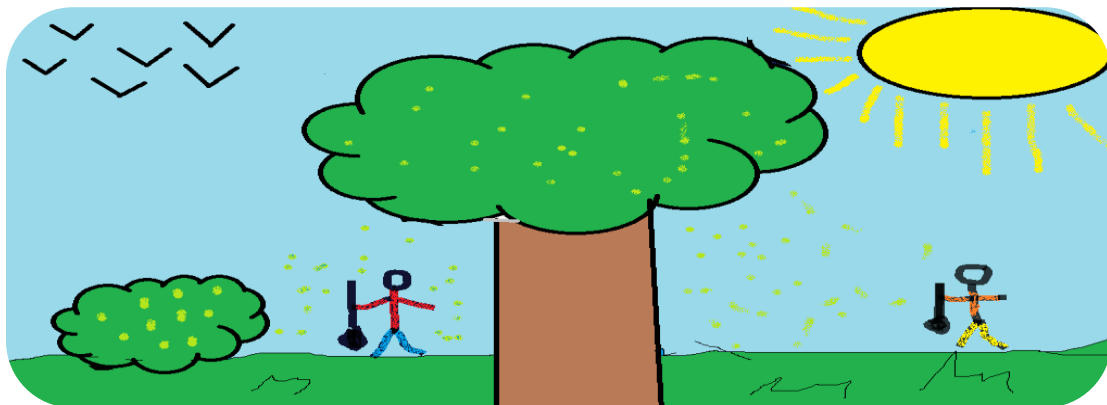

We all became «Green Entrepreneurs»!

*În anul 2014 eu îmi propun sa inchid apa la robinet
Și să nu las becul aprins degeaba .*

I will grow more plants in my garden

I will go by bike or on foot to nearby places

We will form a green patrol for the school breaks

Eu si Ionut ne propunem ca in 2014 sa plantam doi meri
